Genocide and Massacre against Lafoufa Tribe in Al-Leri

Al-Leri is small town consist of two parts east and west separated by hill, it is now capital of Al-Leri locality (in a past it is part from Talodi locality), it is (56) km east Talodi.

The indigenous group are Lafoufa and Talsa, there are Arab tribes (Kawahla and Hawazma) as far other tribes now a day exist.

Lafoufa is the biggest tribe within Al-Leri.

On (22nd of October 2012) at Aradeeba village (30 km NE Al-Leri) loaded by people and goods coming from Abu Jibaiha to Al-Leri, attacked by armed group which resulted four deaths. When the trail lead to Al-Leri hill, the governmental military and defense force gathered and climbed the hill on (23rd of October 2012). The armed group made ambush for them resulted on sixteen deaths and some injured among the governmental one. Then the governmental authorities asked for more soldiers, when they climbed found the armed group went out the hill. Immediately after the governmental troop came down they react against the civilian from Lafoufa tribe by burning the houses of Lafoufa tribe as many among them arrested male and female (the governmental military thought the armed group are SPLA and they believed on Lafoufa tribe as their supporter), also some were killed, among them:

- Adam Jojo, Mc of Lafoufa (top community leader) and is one of the richest people in Al-Leri, his shops looted under defense force supervising and his lorries, tractors and houses confiscated by the governmental military.
- Hejab Alfaki

Some of the people arrested are:

|-----------------|--------|
| ▪ Abdalla Jojo | Male |
| ▪ Hawa Elkoura | Female |
| ▪ Kella Marzouq | Female |
| ▪ Noura | Female |
| ▪ Adam Teela | Male |

Today (1st of November 2012) a big group of military soldiers and public defense force soldiers climbed to the hill searching all the villages up there (all these villages occupied by Lafoufa).

HUDO we do hardly to complete the names, numbers of deaths and detainees. And also will trace any information about Moro also, because now there is talk within Al-Leri saying that, the armed group attacked the tractor there are Moro among them. we don't know is this introduction for attacking the Moro dwell? Hence no one among that group killed or captured so as to be evidence against them.

HUDO urging for urgent move to stop killing, torture arrested people and looting against Lafoufa, because now in Al-Leri no one talk about SPLA as suspected but they talk about Lafoufa which mean more targeting.
