An activist from the area informed HUDO that, he believes that the People Defense Force (PDF) soldiers are responsible for the insecurity in the region especially after their members had been sentenced to death by court in Al-Sanadra case.

HUDO is very concerned about the situation of civilians in conflict areas and calls upon;

- Sudan government at state and central level to urgently investigate the state of insecurity in South Kordufan/ Nuba Mountains and to solve it urgently.
- Sudan government to ensure that police executes their duties responsibly.
- Sudan government to ensure the safety of people in conflict areas
- Sudan government to dissolve the PDF and disarm them.
- Sudan government to respect its international obligations towards their citizens.
