Two people appeared alive after almost five years of forced disappearance

Two people Mr. Musa Aabdein Ali and Mr. Ibrahim Kano disappeared on 7th June 2011 in Kadogli, Sudan soon after the war outbreak. Their whereabouts were unknown for more than five (5) years until recently when both were found in a very bad health state at Kadogli Military Intelligence custody.

Musa Aabdein Ali was 38 years of age when he disappeared and Ibrahim Kano was 43 years of age and both were government employees. Kano was known as SPLM-N member while Aabdein was not affiliated to any political party.

Recently HUDO Centre got information from more than two reliable sources with evidence that they are alive under detention at Kadogli military intelligence (MI) custody.

Since their disappearance they were held incommunicado while military intelligence (MI), National Intelligence and Security Services (NISS) and political authorities denied knowing their whereabouts. They had been isolated for about five years under torture and ill-treatment without adequate health services/ facilities or proper feeding.

Please write in your own languages:

- Calling on the authorities for immediate and unconditionally release of Musa Aabdein Ali and Ibrahim Kano

More Information

Since the war broke out in South Kordufan, HUDO Centre regularly receives calls from families about disappearance of their members in Kadogli and other towns in South Kordufan while the security authorities deny their whereabouts yet, it doesn't conduct any kind of investigations on such reports.

On the same period many young men disappeared. For instance,

Kadogli; Idriss Daowd, 40, government employee, disappeared on 7th June 2011 Talodi;

Talodi; Abass Mohamad Salim, 37, administration officer, disappeared on 8th June 2011.

Rashad; Hamad Ahmad Ismail, 42, government employee, disappeared on 22nd Jan. 2012.

Abu Jibaiha; Omaia Abdulateef, 32, government employee, disappeared on 22nd Aug. 2012

The MI, NISS and other security agencies tend to arrest and abduct unarmed civilians basing on the state of emergency status which was announced in South Kordufan state in June 2011 by the president of Sudan, Omar Al Bashir. The security agencies do not consider the security of persons regardless of international treaties which Sudan had ratified and stated in Sudan constitution 2005.
