He was also asked whether he is still communicating with the former prime minister Mr. Abdalla Hamdok.

On 6th June 2025, Dr. Hassan was released after the intervention of some community leaders and the administration of the Blue Nile university. He was released after the university administration had signed a pledge promising that Dr. Hassan will be only concentrating on his education and research job (academics).

HUDO Centre is concerned about the safety of civilians in Sudan during this difficult period of fighting between SAF and RSF and calls for the following:

- The JSC in Blue Nile State to stop arresting civilian people arbitrarily and releasing them with stringent conditions that affect their rights and freedoms.
- The head of the security committee in Blue Nile State (the governor) to investigate the circumstances surrounding this arrest and make the findings public.
- Sudan government to respect the rights of civilians.
